

## **KWARA STATE GOVERNMENT**

### **MINISTRY OF ENVIRONMENT**

**Ahmadu Bello Way, P.M.B 1600 Ilorin, Kwara State.**

#### **ENVIRONMENTAL IMPACT ASSESSMENT (EIA) PROCEDURES AND CHARGES**

In accordance with the Federal Republic of Nigeria Official Gazette, S.I. No 109, Environmental Impact Assessment Procedures and Charges Regulations, 2021/B4189-4208, and EIA Act CAP E12 LFN 2004, which made EIA mandatory for all major development projects, individuals and organizations seeking to carry out EIA studies should go through the following process to ensure that the project is implemented with maximum consideration for the environment:

### Step 1

- A proponent who wishes to embark on any development project shall notify the EIA Department in writing through the Honorable Minister Federal Ministry of Environment by submitting a project proposal and a duly completed “EIA Notification Form” upon paying N50,000, application fee.
- The EIA notification form is obtained from the Environmental Assessment Department, Federal Ministry of Environment, Environment House, Independence Way South, Central Business District, Abuja FCT.

**NOTE:** All proposed EIA Projects in the State must be registered with the Kwara State Environmental Protection Agency (KWEPA), Oko Erin 240101, Ilorin, Kwara State.

### Step 2

#### **Minimum qualification for EIA project Environmental Consultant.**

Any form or institution that seeks to conduct EIA studies shall deploy a qualified EIA project Environmental Consultant who shall meet the following requirements:

1. Be a Nigerian
2. Be educated up to a postgraduate level or equivalent in a relevant discipline
3. Possess a minimum of seven years of relevant EIA experience, such as

1. Be a Nigerian
  - a. Have verifiably been a lead consultant or preparer on over 5 EIA studies that have successfully passed through the ministry's EIA-approved process.
  - b. Possess valid certification as an EIA project consultant from the ministry.
2. Show evidence of tax clearance.
3. Must be a registered environmental consultant with the Kwara State Ministry of Environment

### **Step 3**

#### **Initial Environmental Examination (IEE) – Screening**

Upon receipt of the project proposal and the completion of EIA registration from the proponent, the Ministry carry out an Initial Environmental Examination (IEE) and assign the project or activity into category I and II and III project. Criteria for categorization of project shall be the:

- a. Magnitude, which is the extent or scope
- b. Duration
- c. Risk
- d. Significance
- e. Mitigation measures available for associated and potential impacts Time Frame: Within One (1) Month.

### **Step 4**

**Scoping /Terms of Reference (TOR)**

The proponent shall carry out a scoping exercise to ensure that all significant impacts and reasonable alternatives are addressed in the intended EIA

- Submission of Terms of Reference (TOR) indicating the scope of the proposed EIA to the Director, Environmental Assessment, Federal Ministry of Environment, Environment House, Independence Way South, Central Business District, Abuja FCT.
- It is expected that the proponent makes this submission within one (1) month after the Initial Environmental Examination (IEE).
- Approval of Terms of Reference (TOR) is within two (2) weeks after submission.

**Step 5****Site Verification / Data Gathering**

Upon the Hon. Minister of Environment's approval of the Terms of Reference, the ministry schedules a date for site verification and data gathering.

- This shall be conducted by regulators from the Federal and State Ministry of Environment.
- The Environmental Consultant must be present in the site to provide relevant information.
- Data gathering is carried out under the supervision of the regulators.
- Site verification is scheduled within two (2) weeks after the payment of the proponent facilitation charge of Five Hundred Thousand Naira (₦500,000.00) only to the Environmental Assessment Department, Federal Ministry of Environment, Environment House, Independence Way South, Central Business District, Abuja FCT.

**Step 6**

**Lab Analysis**

- Samples collected are analyzed in Federal and State Ministry of Environment accredited laboratories - The laboratory analysis shall be witnessed by regulators.
- Laboratory analysis is carried out immediately after the sample.
- Proponent facilitation charge of two hundred and fifty thousand Naira (N250,000.00) for laboratory analysis witnessing is paid alongside the site verification fee to the Environmental Assessment Department, Federal Ministry of Environment Abuja, and FCT.

**Step 7****Submission of Draft Report**

The proponent shall submit a draft EIA report (in hard and soft copies) to the EIA Department, Federal Ministry of Environment Abuja for review.

Time Frame: The draft report is expected to be submitted within two (2) months after the site verification/sampling.

**Step 8****Public Display**

- Public review of documents, display, and disclosures for 21 working days.
- The venues of display shall include the affected Local Government Area, the Kwara State Ministry of Environment, the Federal Ministry of Environment Headquarter and Kwara State field office, as well as electronic portals and websites of relevant organizations

**Step 9**

<p><b>Panel Review</b></p> <ul style="list-style-type: none"> <li>- The Federal Ministry of Environment shall inform the proponent in writing of the method of review of the draft EIA report.</li> <li>- It must have in attendance the representative of. <ul style="list-style-type: none"> <li>i. Hon. Minister of Environment</li> <li>ii. Kwara State Commissioner for Environment</li> <li>iii. Chairman of the Local Government where the project is located.</li> </ul> </li> <li>- Panel site visit may be initiated during the review meetings, which may be held virtually or physically</li> </ul>
<ul style="list-style-type: none"> <li>- Panel review is carried out immediately after the twenty-one (21) working days public display, and after paying the Panel review/Technical review (Proponent facilitation charge) to the Environmental Assessment Department, Federal Ministry of Environment, Abuja, FCT.</li> <li>- Charges <ul style="list-style-type: none"> <li>i. In-house technical review - ₦ 500,000 – ₦ 1,500,000</li> <li>ii. Panel review - ₦ 1,000,000 – ₦ 10,000,000</li> </ul> </li> </ul> <p><b>NOTE:</b> The Review method is determined by the Initial Environmental Examination (IEE) of the Project. As stated in Step 3</p>
<p><b>Step 10</b></p>
<p>Submission of final report to the Federal Ministry of Environment</p>
<p><b>Step 11</b></p>

### **Certification**

- The proponent may, after certification, proceed to implement the project in accordance with all the stipulated mitigation measures as contained in the final report.
- Certification is done immediately all the observations, comments/inputs raised by the Regulators and Specialist during panel review are affected accordingly in the EIA report and verified by the Environmental Assessment Department, Federal Ministry of Environment, Abuja, FCT.
- Certification fee is One Hundred Thousand Naira (₦100,000.00) only.
