3	Kwara Innovation Hub	This is actually stronger than ordinary investor facilitation because the Hub is a Kwara State Government initiative. In 2025, the State provided the investment platform and brought private-sector partners into its development and operation. IHS Towers states that the Hub was built and equipped in partnership with IHS Nigeria, which was also operationalizing it; programmes commenced on 27 February 2025. The facility occupies more than 13,000 sqm and accommodates over 1,000 users	Kwara agog as Nigeria's First Lady unveils Gov Abdulrazaq's signature projects.
